

Torah, Temple, Land

Constructions of Judaism in Antiquity

Edited by Markus Witte, Jens Schröter, and Verena M. Lepper

[Tora, Tempel, Land. Konstruktionen des Judentums in der Antike.]

Veröffentlicht auf Englisch.

Dieser Band widmet sich den Erscheinungsformen, in denen das Judentum in der Antike Gestalt annahm. Bekanntlich war das antike Judentum eine Religion in ständigem Wandel, mit unterschiedlichen Perspektiven auf zentrale Kategorien wie Tora, Tempel und Heiliges Land. Was als »Judentum« oder »jüdisch« angesehen wurde, stand demnach nicht einfach fest, sondern musste stets neu verhandelt werden.
