

Transjordan and the Southern Levant

New Approaches Regarding the Iron Age and the Persian Period from Hebrew Bible Studies and Archaeology

Edited by Benedikt Hensel, in collaboration with Jordan Davis

[Transjordanien und die südliche Levante. Neue Ansätze für die Eisenzeit und die Perserzeit aus Bibelwissenschaft und Archäologie.]

Veröffentlicht auf Englisch.

Transjordanien war keine abgelegene, marginalisierte Region, sondern über die südliche Levante hinaus in den Mittelmeerraum, Ägypten und Mesopotamien eingebunden. In interdisziplinärer Perspektive werden in diesem Band die ungelösten Fragen zur Geschichte Transjordanien von der Eisenzeit bis zur hellenistischen Periode untersucht.
