Anknüpfungsprinzipien im Europäischen Kollisionsrecht

Integrationspolitische Zielsetzungen und das Prinzip der engsten Verbindung

[Connecting Factors in European Conflict of Laws. Integration Policy Objectives and the Principle of Closest Connection.]

Published in German.

The harmonisation of European conflict of laws legislation calls for a new approach in choosing connecting factors. Anja Sophia Schwemmer investigates how far the classic principle of closest connection is being superimposed or even crowded out by integration policy objectives in the course of creating a European international private law.
