Arbeitsbuch Hebräisch

Materialien, Beispiele und Übungen zum Biblisch-Hebräisch

[A Guide to the Hebrew Language. Materials, Examples and Exercises in Biblical Hebrew. 7th revised and improved edition.]

Published in German.
In 26 lessons, this »Guide to the Hebrew Language« introduces the reader to the Hebrew language of the Old Testament. A textbook with a didactic concept, it is intended mainly for first year students who are preparing for their Hebrew exam. It can however also be used by those who are studying on their own or, by virtue of its comprehensive indices, as a reference work. The book uses many charts which refer to pronouns, verbs and nouns and gives text examples from the Old Testament only. In order to consolidate the theoretical knowledge imparted, there are exercises on determining grammatical form as well as on translations and vocalizations. A short introduction precedes those lengthier text passages which are to be translated. These text passages show the extent to which the Hebrew language is tied to the Old Testament.

Heinz-Dieter Neef Geboren 1955; Studium der Ev. Theologie in Marburg und Tübingen; 1985 Promotion; 1993 Habilitation; apl. Professor für Altes Testament an der Evangelisch-theologischen Fakultät der Universität Tübingen.

7th revised and improved edition;
2018. XX, 378 pages.
