[The Principle of Equal Shareholder Treatment. Proceedings of the Working Group on Comparative Commercial and Economic Law on the Occasion of the Thirty-Seventh Conference for Comparative Law Held from September 19 to 21, 2019 in Greifswald.]

Published in German.

The conference volume presented here illustrates this not only through individual reports on English, French, Lithuanian, Swiss, and US-American law, but also with a general report that takes a comparative legal view of these and other legal systems.
