Der »Herzmahner« als spätmittelalterliche Gebetserzählung

[The *Herzmahner* as a Late Medieval Prayer Narrative.]

Published in German.

Hedwig Suwelack places the *Herzmahner*, a prayer book printed by Kaspar Hochfeder in Nuremberg around 1497, at the centre of this study. Taking historical and literary backgrounds into consideration, she captures the *Herzmahner's* specific approach between prayer and narrative with the term »Gebetserzählung.« In the construction of space and time as narrative elements, a strategy is traced that brings the narrated events close to the recipients and enables them to individually experience the Passion of Christ.

A transcript of the text is included.
