

Tristan Barczak

Der nervöse Staat

Ausnahmestand und Resilienz des Rechts in der Sicherheitsgesellschaft

[The Nervous State. State of Exception and Constitutional Resilience in a Security-Led Society.]

Published in German.

The risks and threats to security currently looming over society have led to the constitutional institute of state of exception becoming a permanent one, where a jumpy legislator committed to the precautionary principle seeks to hinder exceptional circumstances. Tristan Barczak's multi-faceted and critical portrayal of the situation reveals that only a reliable rule of law fortified with constitutional resilience can calm things down.

Tristan Barczak Geboren 1985; Studium der Rechtswissenschaft in Münster; 2011 Promotion; 2012 Master of Laws (LL.M.); Rechtsreferendariat am Hanseatischen Oberlandesgericht Hamburg; 2013–19 Akademischer Rat a.Z. an der Universität Münster; 2014–17 wissenschaftlicher Mitarbeiter am Bundesverfassungsgericht; 2019 Habilitation; 2019/2020 Lehrstuhlvertretung am Karlsruher Institut für Technologie.
