

Felix Dressel

Die Handelskammer Hamburg und der Freihafen

Hamburgs Stellung im Norddeutschen Bund aus rechtshistorischer Sicht

[The Hamburg Chamber of Commerce and Free Port. Hamburg's Role in the North German Confederation from a Legal-Historical Perspective.]

Published in German.

Felix Dressel explores the role of the Chamber of Commerce in defending the free port within the North German Confederation. Scrutinizing both the chamber's role in terms of principled retention of the free port and the part it plays in its statutory structuring, the study incorporates legal as well as economic and political dimensions.
