

Eilert Herms

Die Wirtschaft des Menschen

Beiträge zur Wirtschaftsethik

[The Economy of Man. Essays on Economic Ethics. Student edition.]

Published in German.

The interaction of all the individuals involved is the polycentric origin of all social order, thus of the economic order as well. In the essays contained in this volume, Eilert Herms uses this insight of Friedrich Hayek's to lay the foundation for a theory of ethical responsibility of all those involved in the economic order and its development and to make this foundation transparent. This responsibility can only be perceived against the backdrop of convictions which concern the lasting, transcendental conditions of being a human in the world and which are communicated in the philosophical and religious discourse among the generations.

Eilert Herms Geboren 1940; Studium der Ev. Theologie, Philosophie und Germanistik in Berlin, Tübingen, Mainz und Göttingen; 1971 Promotion; 1975 Habilitation; 1979–85 o. Professor für Systematische Theologie an der Ev.-Theol. Fakultät der Universität München; 1985–95 o. Professor für Systematische Theologie an der Ev.-Theol. Fakultät der Universität Mainz; 1995–2008 o. Professor für Systematische Theologie und Direktor des Instituts für Ethik an der Ev.-Theol. Fakultät der Universität Tübingen; seit 2008 Prof. em. für Systematische Theologie an der Ev.-Theol. Fakultät der Universität Tübingen.

2004; unrevised student edition;
2008. XXIII, 382 pages.
