

Uwe Becker

Exegese des Alten Testaments

Ein Methoden- und Arbeitsbuch

[Exegesis of the Old Testament. A Guide to Study and Methods. 4th, revised edition.]

Published in German.

In a concise and easily understandable manner, Uwe Becker presents the methods of Old Testament exegesis and gives practical examples for their application. In doing so, he includes the latest discussions among experts in this field. Instructions for writing an academic assignment on the subject of exegesis for introductory seminar requirements and detailed information on doing research using the appropriate literature make it easy for the student to find an approach to working on exegesis. »This affordable but thorough student handbook is written primarily for students of theology and religious education in German-speaking university contexts, and achieves its aim of providing a working tool for writing undergraduate essays on OT exegesis (including the Apocrypha).«

K. Heim in *Journal for the Study of the Old Testament* 33.5 (2009), p. 80

Uwe Becker Born 1961; 1989 Dr, theol. (Bonn); 1996 Habilitation (Göttingen); since 2003 Professor of Old Testament at Friedrich Schiller University, Jena.

4th, revised edition; 2015.
X, 236 pages.
