Published in German.

Avot de-Rabbi Nathan is one of the most important sources for the history of Judaism in late antiquity and could in fact be the most informative documentation of early rabbinic theology and ethics. This monograph contains a complete edition of all the Genizah fragments of Avot de-Rabbi Nathan. The volume includes facsimiles, transcriptions, text comparisons and critical analyses which shed new light on the ongoing debate about editorial processes in rabbinic literature.

Hans-Jürgen Becker Geboren 1956; Studium der Theologie in Göttingen und der Judaistik in Jerusalem; 1985–94 wiss. Mitarbeiter, 1994–97 wiss. Assistent am Institut für Judaistik in Berlin; 1988 Promotion; 1996 Habilitation; seit 1997 Professor für Neues Testament und antikes Judentum in Göttingen; Leiter des Instituts für Judaistik in Göttingen.

Christoph Berner Born 1976; 2006 Dr. theol. in Jewish Studies/New Testament, University of Göttingen; professor of Old Testament at the University of Kiel.
