

Timo Sebastian Heller

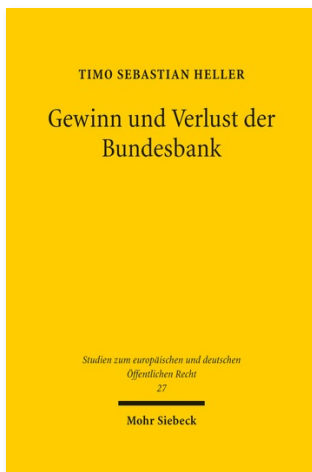

Gewinn und Verlust der Bundesbank

[The Profit and Loss of the Bundesbank.]

Published in German.

The financial crisis and the measures taken to deal with it led to profound changes in how national central banks operate in the euro area. As a consequence, the balance sheet of Germany's Federal Bank has also grown lengthier, which could lead to higher gains – or bigger losses. Timo Sebastian Heller takes a close look at both current regulations for the distribution and disposition of banks' profits as well as possible ways to deal with heavy losses.

Timo Sebastian Heller Geboren 1991; Studium der Rechtswissenschaften an der Universität Potsdam; Wissenschaftlicher Mitarbeiter an der Universität Potsdam; seit 2018 Rechtsreferendar am Landgericht Bochum.
