Gott

Philosophisch-theologische Denkversuche

[God. Philosophical-Theological Contemplations.]

Published in German.

The ontological argument is a misguided attempt to conceptualize the self-evidence and self-identification of God. This is shown with respect to Anselm's Proslogion argument, Whitehead's process metaphysics and Hartshorne's ontological arguments.

Ingolf U. Dalferth Geboren 1948; 1977 Promotion; 1982 Habilitation; Professor emeritus für Systematische Theologie, Symbolik und Religionsphilosophie an der Universität Zürich; seit 2008 Danforth Professor of Philosophy of Religion an der Claremont Graduate University in Kalifornien.
