

Gerhard Stremlinger

Gottes Güte und die Übel der Welt

Das Theodizee-Problem

[The Goodness of God and Evil in the World. The Problem of Theodicy. 2nd revised edition.]

Published in German.

Can the existence of evil in the world be reconciled with the assumption that there is a benevolent God? And if yes, how? Gerhard Stremlinger discusses the diverse attempts at a solution and without exception rejects them as untenable. He is thus able to claim that the problem has been dealt with in its entirety. Moreover though, Stremlinger attempts to show that the theodicy problem has not only remained unsolved, but that it is *unsolvable*.

Gerhard Stremlinger Geboren 1952; Studium der Philosophie und Mathematik in Graz, Göttingen, Edinburgh und Oxford; 1991/92 Humboldt-Stipendiat an der Universität Bochum; Lehrtätigkeit an den Hochschulen in Graz und Minneapolis; 1995 erhielt Stremlinger den Titel »Universitätsprofessor«.
