

Wolfgang Schluchter

Grundlegungen der Soziologie

Eine Theoriegeschichte in systematischer Absicht

[The Foundations of Sociology. A Comparative Study of Competing Research Programs.]

Published in German.

Wolfgang Schluchter explains the multiple constitution of sociology at the time of its conception. He examines three competing research programs, which he calls sociological Hegelianism (Karl Marx), sociological Kantianism (Émile Durkheim) and Kantian sociology (Max Weber). The author also deals with the system-theoretical and the linguistic turn in recent sociology, addressing the positions of Talcott Parsons and Niklas Luhmann as well as those of George Herbert Mead and Jürgen Habermas. The relevance of these developments for a Weberian research program is scrutinized.

Wolfgang Schluchter ist emeritierter Professor für Soziologie an der Universität Heidelberg und geschäftsführender Herausgeber der Max Weber-Gesamtausgabe.
