[Perspektiven von Institutionen. Festschrift zu Ehren von Rudolf Richter anlässlich seines 80sten Geburtstages.]

2006. VIII, 407 pages.

ISBN 978-3-16-149061-3
cloth 109,00 €

Published in English.

Rudolf Richter is one of the leading pioneers in the field of the New Institutional Economics in Germany. The articles in this Festschrift were written by renowned scholars from Germany and other countries. In addition to general perspectives on the New Institutional Economics, the Festschrift also contains articles on the theory of the firm, economic contract theory, on pricing and competition, macroeconomics and monetary economics and on various aspects of law and economics.
