Irrtumsanfechtung und Sachmängelhaftung

Eine Studie zur Konkurrenzfrage vor dem Hintergrund der internationalen Vereinheitlichung des Vertragsrechts

[The Seller's Liability for the Quality of the Goods and the Law of Error. A Study of the Relationship between the different Rights of the Buyer in the Light of the International Unification of the Law of Contract. By Peter Huber.]

Published in German.
The author deals with the question of whether the seller of defective goods can avoid a contract under the law of error or misrepresentation or whether he is limited to his rights under the law pertaining to sales. He bases his study on German law, but also covers recent international efforts to harmonize contract law, such as the CISG, the UNIDROIT Principles of International Commercial Contracts and the Principles of European Contract Law.
