Koexistenz im Ineinander

Eine problemgeschichtliche Analyse der Fremdwahrnehmungstheorie und der Intersubjektivitätsproblematik im Denken Edmund Husserls

[Coexistence in Interpenetration. An Analysis of the Perception of Others Theory and the Intersubjectivity Problem in Edmund Husserl's Philosophy from the Perspective of Problem History.]

Published in German.

The question of intersubjectivity, which constitutes the main topic of this work, is one of the most intricate problems of Husserl's transcendental phenomenology. In order to deal with this problem, the author combines a historical approach with a systematic approach, thus opening up a new perspective on the matter.
