Monopole und Wettbewerb in der chinesischen Wirtschaft

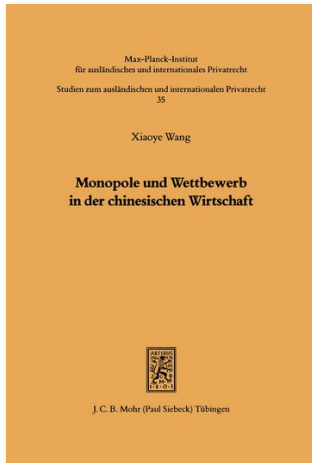

Eine kartellrechtliche Untersuchung unter Berücksichtigung der US-amerikanischen und deutschen Erfahrungen bei der Fusionskontrolle

[Monopoly and Competition in the Chinese Economy. A Conception for the Monitoring of Company Fusion in View of the American and German Fusion Controls.]

Published in German.

Xiaoye Wang discusses problems of concentration occurring during the actual transformation of centrally planned economy of the People's Republic of China into a market economy and develops principles of merger control suitable for Chinese conditions. Similar problems also occur elsewhere during this kind of transition, especially in the CIS.
