

Paul within Judaism

Perspectives on Paul and Jewish Identity

Edited by Michael Bird, Ruben A. Bühner, Jörg Frey, and Brian Rosner

[Paulus im Judentum. Perspektiven auf Paulus und die jüdische Identität.]

Published in English.

This conference volume features cutting edge research from an international cohort of scholars on the still-controversial debates regarding Paul's relationship with Judaism. Taken together, the contributions represent a sympathetic but critical assessment of the *Paul within Judaism* approach to Pauline interpretation. They take up many of the key questions germane to the debate, including different perspectives on Jewish identity, ethnicity, Torah-observance, halakha, the relationship between Jewish and non-Jewish followers of Christ, and the contested character of Jewish identity in antiquity. By combining a broad swath of both German- and English-language scholarship, the volume attempts to bring different perspectives into conversation with each other.
