

# Prophecy and Hellenism

Edited by Hannes Bezzel and Stefan Pfeiffer

[Prophetie und Hellenismus.]

Published in English.

This volume contains papers read at the seventh meeting of the Aberdeen Prophecy Network, an interdisciplinary symposium held in June 2018 in Jena. From the points of view of Classical and Old Testament/Hebrew Bible studies, the contributions ask how phenomena of divination and concepts of prophecy were understood in the Mediterranean oecumene after the conquests of Alexander the Great.
