

Daniel Stökl Ben Ezra

Qumran

Die Texte vom Toten Meer und das antike Judentum

[Qumran. The Dead Sea Scrolls and Ancient Judaism.]

Published in German.

Hardly an archaeological discovery has so revolutionized our understanding of ancient Judaism and the emergence of the Hebrew Bible as the Dead Sea Scrolls. In this textbook, Daniel Stökl Ben Ezra discusses clearly the most important theories on the Qumran scrolls in their archaeological context. Who were the owners of the scrolls, how did they live and think? What can we learn from the scrolls about the Hebrew Bible's text, editorial and canon history? Particular attention is paid to the meaning of the scrolls for the understanding of ancient Judaism beyond the circle of their once owners. Qumran scroll themes such as interpretation, Halacha, prayers, mysticism, and eschatology are systematically brought into discussion with other ancient Judaism sources, including Hellenistic and rabbinical texts, the New Testament, and archaeology.

Daniel Stökl Ben Ezra Geboren 1970; Studium der Religionswissenschaften, Judaistik und Theologie; 2002 Promotion; 2011 Habilitation; derzeit Forschungsprofessor an der École pratique des hautes études in Paris auf dem Lehrstuhl für Sprache, Literatur, Paläographie und Epigraphie des Hebräischen und Aramäischen vom vierten Jahrhundert v. Chr. bis zum vierten Jahrhundert n. Chr.
