Qumran, Early Judaism, and New Testament Interpretation

Kleine Schriften III

Edited by Jacob N. Cerone

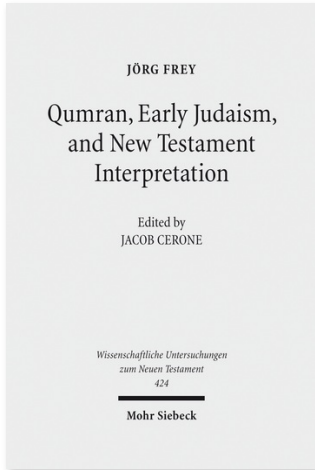

[Qumran, frühes Judentum und die Auslegung des Neuen Testaments. Kleine Schriften III.]

Published in English.

The articles collected here present the fruits of 25 years of scholarship on Qumran and the New Testament. The author situates the New Testament within the pluralistic context of Second Temple Judaism, presents detailed overviews on the discoveries from Qumran, the source value of the ancient texts on the Essenes, the interpretation of the archaeological site, the various forms of dualism within the texts, the development of apocalyptic thought, Qumran meals, and scriptural authority in the Scrolls. He evaluates the various patterns of relating Jesus and the apostles to the Scrolls or the Qumran community, presents methodological reflections on comparisons and detailed surveys of the most important insights from the Qumran discoveries for the understanding of Jesus, Paul, and the Fourth Gospel. This volume demonstrates how the discovery of the Scrolls has influenced and changed New Testament scholarship.

Jörg Frey Born 1962; studied Protestant Theology in Tübingen, Erlangen and Jerusalem; 1996 PhD; 1998 Habilitation; professorships in Jena and Munich; since 2010 Professor of New Testament Studies with focus on Ancient Judaism and Hermeneutics at the Theological Seminary of the University of Zurich; Research Associate at the University of the Free State, Bloemfontein, South Africa.

Jacob N. Cerone Born 1985; 2011 M.Div., 2015 Th.M. from Southeastern Baptist Theological Seminary; since 2016 PhD student at Ludwig-Maximilians-Universität in Munich.
