Studies in Dialogue with Albert Baumgarten

Edited by Michal Bar-Asher Siegal and Jonathan Ben-Dov

[Sozialgeschichte der Juden in der Antike. Studien im Dialog mit Albert Baumgarten.]

Published in English.

The present volume comprises articles by renowned international scholars in academic dialogue with the work of Albert Baumgarten. They contextualize ancient Jewish texts not only for their own sake, but also as a way of shedding light on antiquity in general. They address texts from the fields of Greco-Roman studies, Hellenistic Judaism, Second Temple sectarianism, rabbinic literature, and various facets of early Christianity. Additionally, there are articles discussing comparative religion, sociology of knowledge, anthropology, and economic history. Together, the articles create an in-depth analysis of the social history of Jews in antiquity.
