

Helmuth Schulze-Fielitz

Staatsrechtslehre als Mikrokosmos

Bausteine zu einer Soziologie und Theorie der Wissenschaft des Öffentlichen Rechts

[The Theory of the State as a Microcosm. Key Components of a Sociology and Theory of Public Law. 2nd extended and updated edition.]

Published in German.

The essays in this extended and updated volume deal with the basic scholarly and social conditions of the academic theory of the state and public law's status as a branch of the law. The author focuses on problems involving the academic socialization of professors of public law and the distinctive features of the theory of the state as an academic discipline in relation to their theoretical traditions as well as to the decisions made by the supreme courts.

Helmuth Schulze-Fielitz Geboren 1947; bis 2012 Ordinarius für Öffentliches Recht, Umweltrecht und Verwaltungswissenschaften an der Universität Würzburg.

2nd edition; 2022. X, 610 pages.
