

Michael Wolter

The Gospel According to Luke

Volume I (Luke 1–9:50)

Translated by Wayne Coppins and Christoph Heilig

[Das Lukasevangelium. Band I (Lukas 1–9.50).]

Published in English.

In this fourth volume of the Baylor-Mohr Siebeck Studies in Early Christianity, Michael Wolter provides a detailed, verse-by-verse interpretation of the Third Evangelist. His commentary shows that Luke succeeds in preserving the history of Jesus and its theological impact and that this history stands on equal footing with the history of early Christianity. Wolter's thorough, careful reading follows Luke as the Evangelist seeks to explain how the fulfillment of the Old Testament promises of God for Israel results in a parting of the ways between the Christian church on the one side and Judaism on the other. Scholars and students alike will benefit from access to new German scholarship now available to English-language audiences.

Published in the US by Baylor University Press, Waco.
