[Translation of the Talmud Yerushalmi.  
Edited by Martin Hengel, Peter Schäfer, Hans-Jürgen Becker, Frowald G. Hüttenmeister. Volume 1/3: Demai – Doubtful Produce.  
Translated into German and annotated by Gerd A. Wewers and Frowald G. Hüttenmeister]

Published in German.

This is a complete translation of the Yerushalmi Demai into German. It includes a commentary based on classical commentaries and modern scholarship as well as textual notes, cross references, parallels and indexes. Demai deals with agricultural products about which it is not known whether or not the dues on these mentioned in Numbers 18:20.....29 were separated to the Levites and priests. It offers a wealth of information on the types of fruit grown in Israel and their processing. This tract does not have a Gemara in the Babylonian Talmud and thus presents a lot of independent material.

Martin Hengel (1926–2009) was Professor of New Testament and Early Judaism at the Protestant Theology Faculty at the University of Tübingen.
