

Umwelt und Energie

Hrsg. v. Wolfgang Franz, Hans Jürgen Ramser u. Manfred Stadler

[Environment and Energy.]

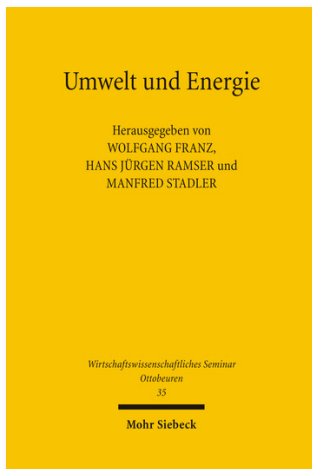

Published in German.

This series, edited by the Ottobeuren Seminar on Economics, publishes those papers which are given at the seminars in Ottobeuren. The purpose of these seminars is to present new theoretical approaches as well as new empirical findings to a group of experts and to discuss the political-economic conclusions with them. This volume contains the papers and supplementary papers given at the 35th Seminar on Economics on the subject of 'Environment and Energy'. The objective of this Seminar was to discuss current environmental and economic problems such as sustainability, the effectiveness of environmental policies and aspects of energy policies.
