

Martin Asholt

Verjährung im Strafrecht

Zu den theoretischen, historischen und dogmatischen Grundlagen des Verhältnisses von Bestrafung und Zeit in §§ 78 ff. StGB

[The Lapse of Time in Criminal Law. Theoretical, Historical and Dogmatic Principles in the Relationship between Punishment and Time in §§ 78 ff. StGB.]

Published in German.

The lapse of time in criminal law has not been researched much up till now. Martin Asholt changes this by putting the subject on a firmer basis. He does so by casting light on the relationship between the thinking of the times and legal theory. From these fundamental insights thus gained into the concept of lapse of time, the author draws consequences for its development and interpretation as it currently stands legally, and gives it increased clarity.

Martin Asholt Geboren 1977; Studium der Rechtswissenschaften in Bochum und Münster; 2006 Promotion; Wissenschaftlicher Mitarbeiter an der FernUniversität in Hagen; 2010–13 Forschungsstipendium der Deutschen Forschungsgemeinschaft; 2014 Habilitation; Vertretungen in Hagen und Passau; seit 2015 Inhaber des Lehrstuhls für Strafrecht, Strafprozessrecht, Wirtschaftsrecht und Strafrechtsgeschichte an der Universität Passau.
