Published in German.
This book is a collection of studies which deal with the systematic formulation of a phenomenological-hermeneutic philosophy. The author shows that hermeneutics is a model which makes it particularly easy to understand the phenomenological access to the world. However, hermeneutics can only be developed consistently as phenomenology, since it is only in this way that it can fulfill philosophy's claim to presuppositionlessness.

Günter Figal (1949–2024): 1976 PhD; 1987 Habilitation; 1989–2002 Professor of Philosophy at the University of Tübingen; since 2002 Professor for Philosophy at the University of Freiburg im Breisgau; since 2017 emeritus.
