Evangelische Vollkommenheitsdiskurse im Horizont spätmoderner
Selbstopтимierungsimperative

[Vollkommenheit und Fragmentarität]

Published in German.

Perfection and the Fragmentary. Protestant Discourses on Perfection in the Perspective of Late Modern Self-Optimization Imperatives.

What images shape us when we want to improve ourselves? In this volume, Christoph Schröder contrasts current efforts at self-optimization with Christian perspectives on the goal of perfection. Growth in faith and love appears to be the antithesis of many a technically inspired attempt at self-improvement.
